Dear Mr. Director,

I am writing you concerning my above-mentioned application pending at U.S. Patent Department over 30 months for an administrative process.

My reply of 09/16/2003 to a final notice of 09/05/2003 from your office examiner; Mr. Graham that I accepted the content of my application being published on 02/27/2003 as 7 months elapsed but I did not receive any reaction concerning patent allowance.

May I approach you this time requesting an intervention of your part to investigate this case to activate patent allowance ? Since the application is regarded as emergency that the invention can save thousands of American lives per year causing by traffic accidents if patent is approved to execute and to stop these accidents.

I highly appreciate to have your assistance.

Respectfully,

Henri Duong
